

Japs Prepare To Use Force

Ultimatum to Be Issued By Japan Expected to Bring Oriental Crisis, Which May Be Far Reaching.

UNITED STATES AND GREAT BRITAIN HAVE NO AGREEMENT

Japan Wishes to "Solidify Oriental Nations"—Martial Law May Be Proclaimed in South Manchuria—Belief Expressed That China Will Grant Demands Made By Japs.

By Associated Press.

Tokio, Japan, May 4.—The minister of justice is quoted by the newspapers as having announced that the cabinet had decided to send an ultimatum to China, urging her to reconsider the decision to make no further concessions to Japan.

It is explained in official circles that Japan has no desire to resort to force, but that China "must be made to realize this country is determined upon the acceptance of its program for solidifying the peace of the Orient."

Tokio, Japan, May 4.—The Yomiuri, in an extra edition today, declares that the Elder statesmen, after listening to the lengthy explanations from Premier Okuma and Foreign Minister Kato, have approved a project to send an ultimatum to China.

The information reaching Japan, this paper says, leads to the conviction that the nature of the last Chinese answer obliges Japan to resort to this logical diplomatic step.

Continuing, the report says that the concessions made by Japan, particularly the restoration of Kiao Chow to China, had created the belief that China was satisfied, and that the matter would be arranged peacefully.

There is an impression now that

the president of China desires an ultimatum in order to justify China's eventual acceptance.

According to another newspaper martial law will be proclaimed in south Manchuria, simultaneous with the issuance of the ultimatum.

London, May 4.—The United States and Great Britain have entered into no formal negotiations on the subject of Japan's demands on China. Announcement to this effect was made to the House of Commons today by the British foreign minister, Sir Edward Gray.

The foreign minister added that the only communication of the sort between the American and British governments had been a brief and informal conversation in February between Ambassador Page and a representative of Great Britain.

Asked if he were going to do "nothing" until Japan, by military force, having already 60,000 troops in China, had imposed her authority on China, and whether Great Britain was not bound by treaty to defend the integrity of China, or if he "was prepared to regard that simply as a scrap of paper," Sir Edward reiterated that the communications made by him to Japan were confidential, and that he therefore was not at liberty to discuss the actual terms of the Japanese demands.

fantrymen and engineers, were captured near Driegarchten. As they passed down the streets of Bruges, the people of the town gathered along the sidewalks. Hats and handkerchiefs were waved in the air and there were shouts of "Vive la Belgique," "Leve Belgie," and "Leve de Koning." The prisoners smiled and answered back "Courage, comrades." Meanwhile the crowd showered them with gifts of fruit, chocolate, sandwiches and cheese.

While the enthusiasm was at its height, some of the German horsemen charged the crowd. It is said that the municipal authorities will assess a fine against the populace for the unauthorized demonstration.

NO COMMENT FROM WILSON

By Associated Press.

Washington, May 4.—President Wilson refrained from comment today on the wrecking of the American steamer Gulfight by a German torpedo, while awaiting advice on all the facts and circumstances.

PRISONERS ARE CHEERED

By Associated Press.

Amsterdam, May 4.—Seventy Belgian prisoners who recently passed through Bruges in charge of a guard of German cavalry received a resounding welcome from the Belgian inhabitants of the town, notwithstanding the orders of the German municipal authorities that no demonstrations were to take place.

The prisoners, who included in-

WILLIS AND HAMILTON SOLONS FAIL TO AGREE

By Associated Press.

Columbus, May 4.—Wide disagreement between Governor Willis and Hamilton county interests over the law enforcement feature of the new liquor license decentralizing bill, was reported from the governor's office today, where a long conference was being held between Peter W. Durr, Hamilton county leader, W. C. Proctor, of Cincinnati, Governor Willis, Senator McDermott, author of the proposed license bill, and Wayne B. Wheeler, superintendent of the Anti-Saloon League in Ohio.

The conference started at nine o'clock this morning and recessed at noon, with a further session in the afternoon being in prospect.

The governor and those attending the meeting argued the question of whether state authority should be given final power to hear appeal of saloon proprietors whose licenses are revoked by the district commissioners.

The Cincinnati men told the governor they would insist that the district commissioners be given final authority in such cases, it was reported. Governor Willis and Senator

McDermott were said to have replied that the administration could not agree to such a proposal.

Most other features of the bill had been arranged satisfactorily, Senator McDermott said.

BERLIN CLAIMS MORE SUCCESSSES

By Associated Press.

Berlin, May 4.—It was announced today that the Germans yesterday took five positions in Flanders and have captured 4,000 retreating Russians in the German invasion of the Russian Baltic provinces.

NATIONAL BANKS TO MAKE REPORT

By Associated Press.

Washington, May 4.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business Saturday, May 1.

DECISION PROTECTS EMPLOYERS

By Associated Press.

Columbus, May 4.—The Supreme Court today held unconstitutional the law forbidding an employer to discharge an employee because of membership in a union. This law is contained in section 12,943 of the general code.

The decision is in line with a United States Supreme Court decision given in a Kansas case.

The decision today was handed down in the case of William H. Jackson, chief of police of Cincinnati, and others, against an agent and employee of the Roth Shoe Company, who discharged an employee because he was a member of the United Shoe Workers' Union.

Judge Wannamaker dissented from the decision.

30,000 RUSSIANS AND MANY GUNS CAPTURED

Austro-German Victory Will Greatly Prolong War Is the Claim of Military Experts.

ANOTHER YEAR OF WAR WILL COST GREAT BRITAIN \$5,682,170,000

Allies Making Rapid Progress on Gallipoli Peninsula and in Dardanelles—Italy Will Not Enter War at Present—Petrograd Expresses Little Concern Over Defeat.

London, May 4.—The reported Russian reverse in Western Galicia took precedence over all phases of the war today and even overshadowed discussion of the forthcoming budget.

Striking an average between Austrian and German official accounts, London newspapers agree that the Russians must have been pushed back a considerable distance along this front, which runs north and south a distance of about 60 miles from the Carpathians, over Bartfeld, to the junction of the Danajec and Vistula rivers, on the border of Russian-Poland.

Petrograd expresses little concern over the situation, although admitting that the Austro-German forces are making strong attack all along the front, on which they claim a great victory.

Rome, May 4.—The decision of King Victor Emanuel and the members of the ministry not to take part in the ceremony of the unveiling of the Garibaldi monument at Quarto, Sant Elena, is being commented upon today as a step of very great significance.

The presence of his majesty at the unveiling had come to be regarded as virtually tantamount to a declaration of war. Now the change in the king's plans is regarded as meaning that the participation of Italy in the European conflict again has been postponed.

The hope is being entertained by the Pacificists that efforts of Italy to arrange a peace solution of her problems may be ultimately successful.

Vienna, May 4.—30,000 Russian soldiers, 22 cannon and 64 machine guns were captured in the battle of West Galicia, according to an official statement given out in Vienna this afternoon. These figures are larger than those given in the Berlin announcement of the result of the Gallipoli victory.

London, May 4.—British troops are now advancing into the interior of the Gallipoli peninsula, according to an official statement issued in London this evening.

London, May 4.—Italy has again postponed her decision concerning participation in the war.

Rome dispatches say that new offers have been presented on behalf of Austria, in an effort to satisfy Italy's territorial demands. Prince von Buelow, the German ambassador, is credited with having averted a crisis by presenting new offers.

Information from Vienna shows that the sudden attack on the Russians in western Galicia was the result of an elaborate plan, made several weeks ago. A London dispatch concedes that if it is true the Russian front has been pierced the war will be prolonged greatly.

London, May 4.—Invasion of Turkish territory on the mainland in Asia is reported unofficially to have been begun by the allied forces.

An Athens dispatch says that

troops were landed at a point 35 miles from Smyrna. It is also said the bombardment of Smyrna has been resumed, and the shelling of the Turkish forts at the Dardanelles continues.

The official French report today says that another attack on British positions near Ypres, Belgium, was repulsed yesterday.

The cost of a year more of war to Great Britain was estimated by David Lloyd George, in presenting the budget to the House of Commons, at \$5,682,170,000.

On the basis of a six months' war the chancellor continued, expenditures for war, apart from advances to the allies of Great Britain, would rise to 2,100,000 pounds sterling, and the net deficit would be 514,346,000 pounds sterling.

On the basis of a 12 months' war the net deficit would be 862,332,000 pounds sterling. Up to the end of the financial year, he said, the net cost of the war has been over \$1,535,000,000.

"The ultimate issue of the war is not in doubt; only its duration," said the chancellor.

London, May 4.—In a dispatch from Athens received by the Exchange Telegraph Company, the declaration is made that the fall of Smyrna has entered into fresh negotiations with the allies for the surrender of the town.

The statement says that on the night of May 1-2 the enemy launched strong attacks against the English positions with fresh troops, but that the allies repulsed every attack with enormous losses for the enemy, and assumed the offensive, driving the enemy out of its positions and advancing into the interior of the peninsula.

PHYSICAL DIRECTOR M'CLUNG TO JOIN EVANSVILLE Y. M. C. A.

WILL BEGIN NEW DUTIES AS BOYS' PHYSICAL TRAINER IN INDIANA CITY Y. M. C. A. JULY 1 — WILL INSTRUCT 600 BOYS — NO SUCCESSOR CHOSEN TO TAKE HIS PLACE HERE.

Physical Director J. W. McClung, of the Y. M. C. A., returned Saturday after two weeks visit in Evansville, Ind., and announced that he has accepted a position at the Y. M. C. A. in that city, as physical director of the boys' department, and will begin his new duties July 1.

In his new and wider field Mr. McClung will have in hand the physical training of 600 boys. As yet no successor has been chosen to fill his place here, although several have been considered since his resignation was presented some weeks ago.

Mr. McClung was formerly connected with the Evansville institution as an assistant physical director, before he came here three years ago, and the position proffered him is a flattering testimonial of the regard held for his ability in that city.

Director McClung, with his family, will depart for Evansville shortly before July 1.

NOTED G. A. R. ORATOR TO SPEAK HERE

It has been the custom of the Epworth League to entertain the G. A. R. and its auxiliary organizations with a memorial entertainment on some evening during the week preceding Decoration Day.

This year the league is planning an entertainment quite out of the ordinary and has engaged Past State G. A. R. Commander Charles W. Blodgett to deliver an address on the evening of Wednesday, May 26th. The address will be in the nature of an eulogy to the late Col. B. H. Millikan, the late Post Commander George F. Robinson and other G. A. R. comrades with whom Col. Blodgett had been in connection.

Col. Blodgett is recognized as an orator unsurpassed and his address will be one of the finest ever given in this city.

GOOD WORK AT RECITAL

A very interesting recital was given at Conservatory Hall Saturday afternoon by Misses Helen McKee, Mary Baughn, Margaret Schneider and Gertrude Miller.

Miss Schneider played Gieg's "To the Spring," and "By Moonlight"—Bendel. The latter was especially well rendered, showing the player's delicate touch.

Miss McKee's numbers were Suklak Octave Etude and "Segmundo Love Song"—Wagner. The Wagner number showed in every way a brilliant piece of work.

Miss Baughn contributed another Octave Etude Suklak, and a Chapin Mazurka played with splendid effect. This young pianist has that strength in tone production that is necessary in concert work.

Miss Miller was exceedingly good in a McDowell number "ElpinLarg." The faculty was much pleased with the progress shown by the young ladies.

PYTHIAN SISTERS.

Regular meeting of Washington Temple No. 380, Tuesday evening, May 4th, at 7:30 o'clock.

LOCALS LOSE TO JACK PFEISTER

THIRD GAME OF SEASON RESULTS IN SMALL DEFEAT FOR ATHLETICS — RENO NOT UP TO FORM AND GENERAL FIELDING OF LOCALS BELOW STANDARD, ALTHOUGH FAR BETTER THAN THAT OF THEIR ADVERSARIES—SCORE 5 TO 3—ORIGINAL IBOLDS OF CINCINNATI NEXT SUNDAY.

Jack Pfeister, ex-twirler of the Chicago Cubs, assisted by a third baseman and a center fielder, Sunday defeated the Athletics in a close 5 to 3 game at Athletic park. The trio represented the Branch Hill Exhibition team of Hills Center, O., and was complemented by a very ordinary set of back lot fielders.

An odd feature of the Hilligan lineup was that its real ball players were all named Jack, and led one grandstand comedian to the opinion that the "pack" consisted of "jacks and jokers."

Reno was far from usual form and in four innings failed to control the horsehide. The Hilligans were allowed to walk frequently and those that did not walk, hit freely. Cotterill took the slab in the fifth and pitched good ball the rest of the game.

Pfeister Had 'Em Guessing.

Pfeister was the big work for the visitors. The old timer demonstrated that he had not lost all of his former ability at the slab, and in the opening innings held the Athletics in a stage fright. In the fourth the locals began to find the ex-phenom and slid two around the route, adding another in the fifth. Pfeister then settled down to a splendid exhibition of twirling, holding the Athletics to goose eggs the remainder of the game.

Outside of Pfeister and the two players mentioned the Hill Center bunch was nothing more than a school kid team. Their errors were rank and plentiful and the first baseman, after missing every chance, was taken out of the game in the fifth.

On the Washington lineup, Jones, Mobley and Noon performed in faultless style in the gardens. Corwin was the bright star of the infield. Reed played a good game at third and welded the stick to good advantage.

Next Sunday the Original Ibolds, a fast Queen City organization without a 1915 defeat on its record, play here.

Sunday's game by innings follows:

1	2	3	4	5	6	7	8	9
Hill Center	0	1	0	2	1	0	0	5
Wash. C. H.	0	0	0	2	1	0	0</

Japs Prepare To Use Force

Ultimatum to Be Issued By Japan Expected to Bring Oriental Crisis, Which May Be Far Reaching.

UNITED STATES AND GREAT BRITAIN HAVE NO AGREEMENT

Japan Wishes to "Solidify Oriental Nations"—Martial Law May Be Proclaimed in South Manchuria—Belief Expressed That China Will Grant Demands Made By Japs.

By Associated Press.

Tokio, Japan, May 4.—The minister of justice is quoted by the newspapers as having announced that the cabinet had decided to send an ultimatum to China, urging her to reconsider the decision to make no further concessions to Japan.

It is explained in official circles that Japan has no desire to resort to force, but that China "must be made to realize this country is determined upon the acceptance of its program for solidifying the peace of the Orient."

Tokio, Japan, May 4.—The Yomiuri, in an extra edition today, declares that the elder statesmen, after listening to the lengthy explanations from Premier Okuma and Foreign Minister Kato, have approved a project to send an ultimatum to China.

The information reaching Japan, this paper says, leads to the conviction that the nature of the last Chinese answer obliges Japan to resort to this logical diplomatic step.

Continuing, the report says that the concessions made by Japan, particularly the restoration of Kiao Chow to China, had created the belief that China was satisfied, and that the matter would be arranged peacefully.

There is an impression now that

the president of China desires an ultimatum in order to justify China's eventual acceptance.

According to another newspaper martial law will be proclaimed in south Manchuria, simultaneous with the issuance of the ultimatum.

London, May 4.—The United States and Great Britain have entered into no formal negotiations on the subject of Japan's demands on China. Announcement to this effect was made to the House of Commons today by the British foreign minister, Sir Edward Grey.

The foreign minister added that the only communication of the sort between the American and British governments had been a brief and informal conversation in February between Ambassador Page and a representative of Great Britain.

Asked if he were going to do "nothing" until Japan, by military force, having already 60,000 troops in China, had imposed her authority on China, and whether Great Britain was not bound by treaty to defend the integrity of China, or if he "was prepared to regard that simply as a scrap of paper," Sir Edward reiterated that the communications made by him to Japan were confidential, and that he therefore was not at liberty to discuss the actual terms of the Japanese demands.

fantrymen and engineers, were captured near Driegarchten. As they passed down the streets of Bruges, the people of the town gathered along the sidewalks. Hats and handkerchiefs were waved in the air and there were shouts of "Vive la Belgique," "Leve België," and "Leve de Koning." The prisoners smiled and answered back "Courage, comrades." Meanwhile the crowd showered them with gifts of fruit, chocolate, sandwiches and cheese.

While the enthusiasm was at its height, some of the German horsemen charged the crowd. It is said that the municipal authorities will assess a fine against the populace for the unauthorized demonstration.

BRITISH BOAT TORPEDOED

By Associated Press.

London, May 4.—The British steamer Minterne, from Cardiff, carrying 6000 tons of coal, was torpedoed off the Scilly Islands, Monday.

Three firemen were killed and the second engineer injured. The other members of the crew were rescued.

WILLIS AND HAMILTON SOLONS FAIL TO AGREE

By Associated Press.

Columbus, May 4.—Wide disagreement between Governor Willis and Hamilton county interests over the liquor license decentralizing bill, was reported from the governor's office today, where a long conference was being held between Peter W. Durr, Hamilton county leader, W. C. Proctor, of Cincinnati, Governor Willis, Senator McDermott, author of the proposed license bill, and Wayne B. Wheeler, superintendent of the Anti-Saloon League in Ohio.

The conference started at nine o'clock this morning and recessed at noon, with a further session in the afternoon being in prospect.

The governor and those attending the meeting argued the question of whether state authority should be given final power to hear appeal of saloon proprietors whose licenses are revoked by the district commissioners.

The Cincinnati men told the governor they would insist that the district commissioners be given final authority in such cases, it was reported. Governor Willis and Senator

McDermott were said to have replied that the administration could not agree to such a proposal.

Most other features of the bill had been arranged satisfactorily, Senator McDermott said.

BERLIN CLAIMS MORE SUCCESSES

By Associated Press.

Berlin, May 4.—It was announced today that the Germans yesterday took five positions in Flanders and have captured 4,000 retreating Russians in the German invasion of the Russian Baltic provinces.

NATIONAL BANKS TO MAKE REPORT

By Associated Press.

Washington, May 4.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business Saturday, May 1.

DECISION PROTECTS EMPLOYERS

By Associated Press.

Columbus, May 4.—The Supreme Court today held unconstitutional the law forbidding an employer to discharge an employee because of membership in a union. This law is contained in section 12,943 of the general code.

The decision is in line with a United States Supreme Court decision given in a Kansas case.

The decision today was handed down in the case of William H. Jackson, chief of police of Cincinnati, and others, against an agent and employee of the Roth Shoe Company, who discharged an employee because he was a member of the United Shoe Workers' Union.

Judge Wannamaker dissented from the decision.

30,000 RUSSIANS AND MANY GUNS CAPTURED

Austro-German Victory Will Greatly Prolong War Is the Claim of Military Experts.

ANOTHER YEAR OF WAR WILL COST GREAT BRITAIN \$5,682,170,000

Allies Making Rapid Progress on Gallipoli Peninsula and in Dardanelles—Italy Will Not Enter War at Present—Petrograd Expresses Little Concern Over Defeat.

London, May 4.—The reported Russian reverse in Western Galicia took precedence over all phases of the war today and even overshadowed discussion of the forthcoming budget.

Striking an average between Austrian and German official accounts, London newspapers agree that the Russians must have been pushed back a considerable distance along this front, which runs north and south a distance of about 60 miles from the Carpathians, over Bartfeld, to the junction of the Danajec and Vistula rivers, on the border of Russian-Poland.

Petrograd expresses little concern over the situation, although admitting that the Austro-German forces are making strong attack all along the front, on which they claim a great victory.

Rome, May 4.—The decision of King Victor Emanuel and the members of the ministry not to take part in the ceremony of the unveiling of the Garibaldi monument at Quarto, Sant Elena, is being commented upon today as a step of very great significance.

The presence of his majesty at the unveiling had come to be regarded as virtually tantamount to a declaration of war. Now the change in the king's plans is regarded as meaning that the participation of Italy in the European conflict again has been postponed.

The hope is being entertained by the pacifists that efforts of Italy to arrange a peace solution of her problems may be ultimately successful.

Vienna, May 4.—20,000 Russian soldiers, 22 cannon and 64 machine guns were captured in the battle of West Galicia, according to an official statement given out in Vienna this afternoon. These figures are larger than those given in the Berlin announcement of the result of the Galician victory.

London, May 4.—British troops are now advancing into the interior of the Gallipoli peninsula, according to an official statement issued in London this evening.

London, May 4.—Italy has again postponed her decision concerning participation in the war.

Rome dispatches say that new offers have been presented on behalf of Austria, in an effort to satisfy Italy's territorial demands. Prince von Buelow, the German ambassador, is credited with having averted a crisis by presenting new offers.

Information from Vienna shows that the sudden attack on the Russians in western Galicia was the result of an elaborate plan, made several weeks ago. A London dispatch concedes that if it is true the Russian front has been pierced the war will be prolonged greatly.

London, May 4.—Invasion of Turkish territory on the mainland in Asia is reported unofficially to have been begun by the allied forces.

An Athens dispatch says that

troops were landed at a point 35 miles from Smyrna. It is also said the bombardment of Smyrna has been resumed, and the shelling of the Turkish forts at the Dardanelles continues.

The official French report today says that another attack on British positions near Ypres, Belgium, was repulsed yesterday.

The cost of a year more of war to Great Britain was estimated by David Lloyd George, in presenting the budget to the House of Commons, at \$5,682,170,000.

On the basis of a six months' war the chancellor continued, expenditures for war, apart from advances to the allies of Great Britain, would rise to 2,100,000 pounds sterling, and the net deficit would be 514,346,000 pounds sterling.

On the basis of a 12 months' war the net deficit would be 862,332,000 pounds sterling. Up to the end of the financial year, he said, the net cost of the war has been over \$1,535,000,000.

"The ultimate issue of the war is not in doubt; only its duration," said the chancellor.

London, May 4.—In a dispatch from Athens received by the Exchange Telegraph Company, the declaration is made that the fall of Smyrna has entered into fresh negotiations with the allies for the surrender of the town.

The statement says that on the night of May 1-2 the enemy launched strong attacks against the English positions with fresh troops, but that the allies repulsed every attack with enormous losses for the enemy, and assumed the offensive, driving the enemy out of its positions and advancing into the interior of the peninsula.

NO COMMENT FROM WILSON

By Associated Press.

Washington, May 4.—President Wilson refrained from comment today on the wrecking of the American steamer Gulfight by a German torpedo, while awaiting advices on all the facts and circumstances.

CHARLES ACTON ADMITS HE BURNED ROSS COUNTY HOME

MAN WHO GAVE LOCAL OFFICIALS NO END OF TROUBLE AND WAS DRIVEN FROM CITY TWICE, IS UP TO OLD TRICKS—BECOMES VIOLENTLY INSANE WHILE IN JACKSON COUNTY JAIL.

Charles Acton, the man who was driven from Ross, Pike and Fayette counties for a number of crimes, has become violently insane while in the Jackson county jail, it is claimed, but previous to becoming insane he admitted having kindled a fire which destroyed a residence in Ross county recently.

Acton has been in the workhouse and asylum a number of times, and in prison so many times he has forgotten the number. Upon one occasion he was arrested in this city on a horse stealing charge, and fired out of town. He returned and was circulating a paper to obtain funds, claiming he had been left homeless by a fire. Again he was ordered out of town, and has not been back since that time.

Acton was suspected of burning the residence above referred to, as he had some trouble with the owner, and is of a revengeful nature.

A few days ago he was arrested in Jackson county for being a party to an ugly shooting affray. The latest developments in the case are told by the News, of Chillicothe, which says:

"Sheriff Swepston received a call Monday morning from the sheriff of Jackson county saying that Charles Acton, who is being held at that place on a charge of carrying concealed weapons and being implicated in a shooting affray a few days ago, has again become violently insane. Authorities who know Acton say that this is one of his old tricks. He has played the same game here two or three times and has been sent to the asylum on insanity charges. Shortly after being admitted he would regain his mind and would be released. On one occasion he was sent to the Xenia workhouse and tried the game there, but when he

found that the authorities would not consider the insanity business he became normal again.

"While talking to Sheriff Swepston the Jackson sheriff stated that Acton had admitted the burning of the Hughey property south of this city last week, but said that there were two other men with him at the time but he did not give their names. He said that the other men had furnished the kerosene and matches and that he had started the fire.

"Sheriff Swepston told the Jackson authorities to hold Acton for him. He will probably be brought here to face a charge of arson which, since his alleged confession, will no doubt mean another term in the Ohio penitentiary."

BIG CLASS HAS 414 MEN ENROLLED

While behind Athens and Lancaster in the size of the men's classes in the M. E. churches in the above cities, the Men's class of Grace church in this city now has an enrollment of 414 members, and the membership committee is working to increase this number to 425 by next Sunday.

The attendance Sunday was 148, and next Sunday—Mother's Day—the attendance is expected to exceed the 200 mark. The record attendance so far was Easter Sunday, when 259 men were present.

The membership committee expects to boost the enrollment to near the 800 mark before the year is out, and an attendance of half a thousand is expected when such a membership is secured.

RECORD AMOUNT OF CORN PLANTED

It is claimed by some farmers that never before in Fayette county's history has such a great acreage of corn been planted so early in the spring.

Some farmers, regarded as conservative, have completed their planting or are nearly done, while everywhere the farmers, who usually do not plant before May 8 or 10 are busy in the fields, so that by the time planting ordinarily is well under way, most of the great acreage will be planted.

It is expected that, season being favorable, Fayette county this year will produce the greatest corn and wheat crop in its history.

LANCASTER LEADS IN BIG CONTEST

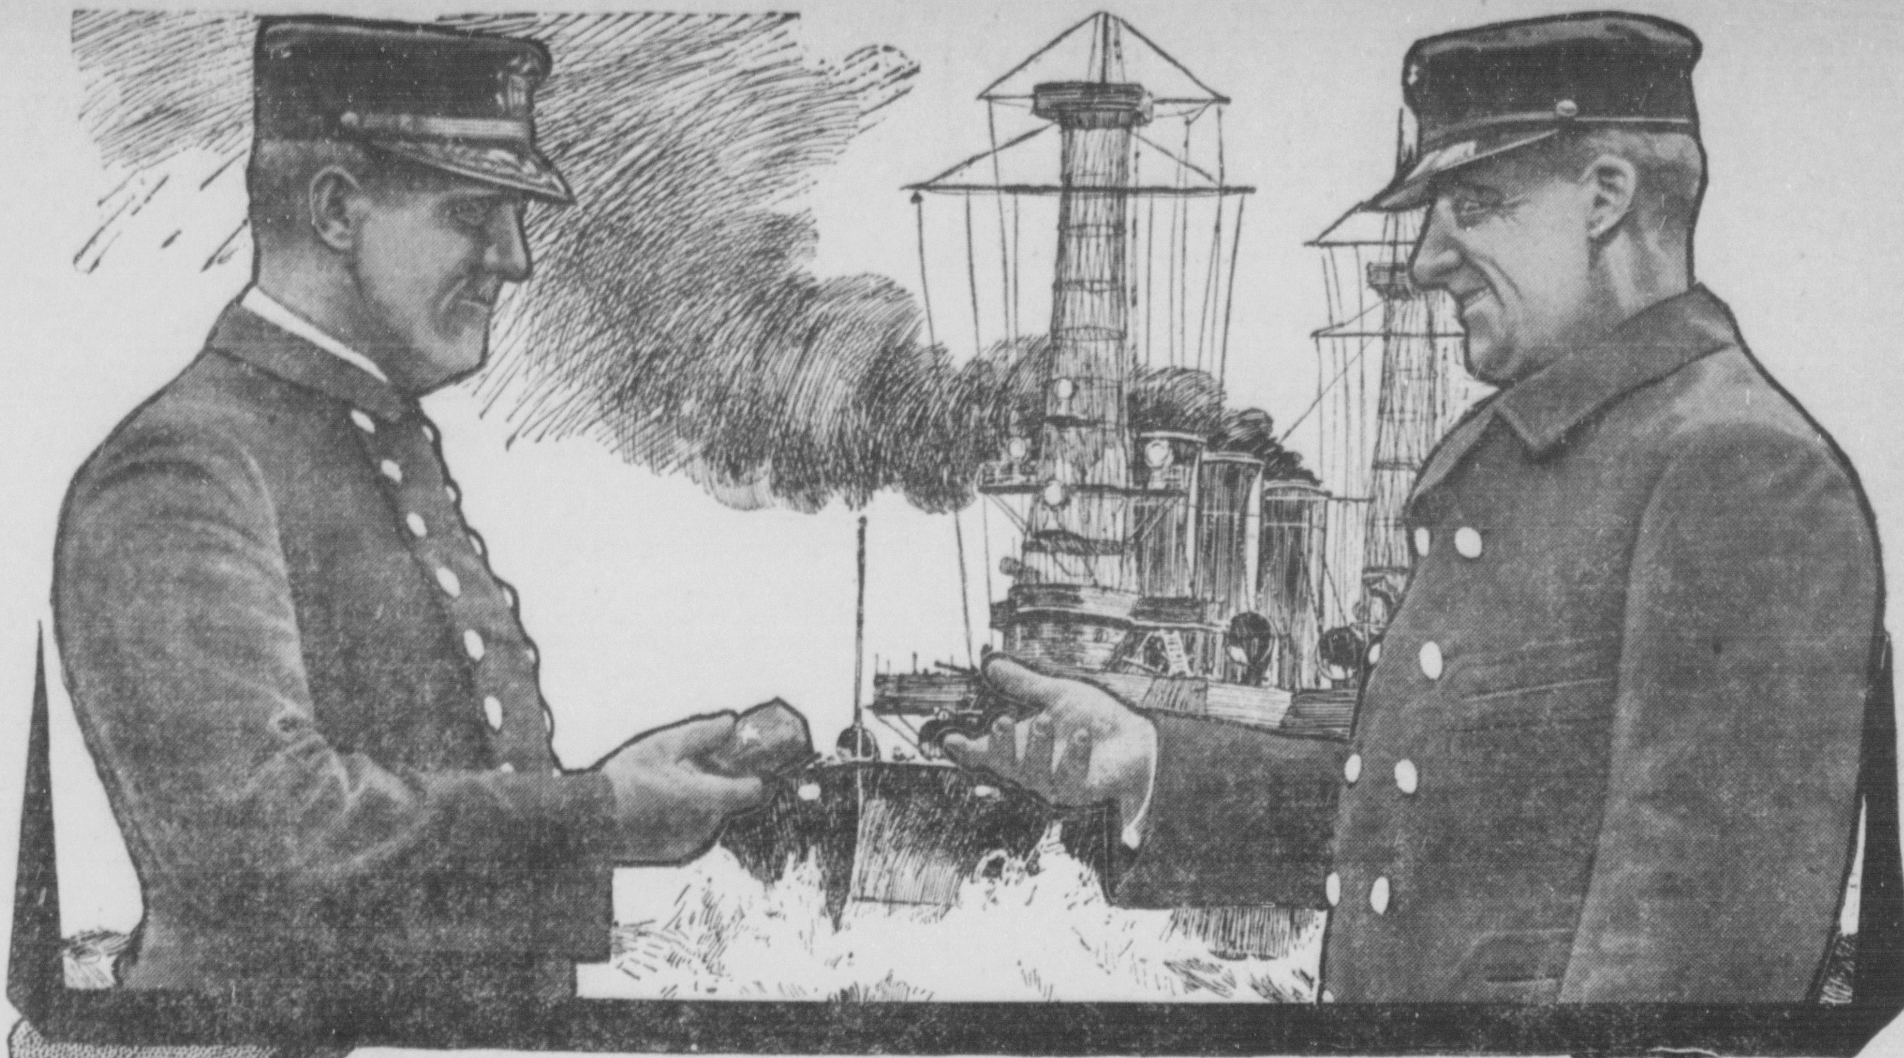

The Men's class of the M. E. church at Lancaster beat all previous records Sunday, with an attendance of 1437 men, Athens following closely with 1332 men.

Next Sunday the contest between the two classes will close, and Lancaster bids fair to steal the honors away from Athens. A picture of the monster class at Lancaster was in a Sunday Columbus paper.

SUGAR GROVE W. C. T. U.

The Sugar Grove W. C. T. U. will hold its regular meeting at the home of Mrs. W. C. Eyre, 215 Washington avenue, Wednesday, May 5. All members urged to be present.

"STAR—The Pocket-Piece of Geniality"

Men Who Chew Are Men Who DO

THE men of the navy who "draw a defensive line of steel" along our coasts have ever, in peace and war, found enjoyment in tobacco.

And the best "navy" plug, STAR Chewing Tobacco, appeals alike to the "tar" and the officer.

And STAR is a capital G-O-O-D tobacco, fat with extra long, chewing leaf of the mellowest variety, with a taste that lasts. In each thick STAR plug there are 16 full, chewable ounces.

A pure food commission and a board of weights and measures couldn't improve on STAR'S unvarying standard of honest weight, quality and absolute cleanliness of preparation.

Here's what American men think of STAR:

The pound STAR plugs chewed in one year, if placed end to end, would stretch from Portland, Maine, clear over to Seattle, Washington, down to San Francisco, across to Key West and end at Atlantic City, N. J.

The Men's class of the M. E. church at Lancaster beat all previous records Sunday, with an attendance of 1437 men, Athens following closely with 1332 men.

Next Sunday the contest between the two classes will close, and Lancaster bids fair to steal the honors away from Athens. A picture of the monster class at Lancaster was in a Sunday Columbus paper.

"STAR—The Pocket-Piece of Geniality"

Men Who Chew Are Men Who DO

THE men of the navy who "draw a defensive line of steel" along our coasts have ever, in peace and war, found enjoyment in tobacco.

And the best "navy" plug, STAR Chewing Tobacco, appeals alike to the "tar" and the officer.

And STAR is a capital G-O-O-D tobacco, fat with extra long, chewing leaf of the mellowest variety, with a taste that lasts. In each thick STAR plug there are 16 full, chewable ounces.

A pure food commission and a board of weights and measures couldn't improve on STAR'S unvarying standard of honest weight, quality and absolute cleanliness of preparation.

Here's what American men think of STAR:

The pound STAR plugs chewed in one year, if placed end to end, would stretch from Portland, Maine, clear over to Seattle, Washington, down to San Francisco, across to Key West and end at Atlantic City, N. J.

Ohio's Duty Toward the Criminal

The General Assembly of Ohio will commit a grievous error if it halts, by failure to make proper appropriations for carrying it on, the great work of prison and hospital reform.

The problem of what to do with the convicts of the state has long been a serious one. All the finer sentiments demand that the unfortunate criminals of Ohio be not longer herded together in the unsanitary, gloomy old structure on West Spring street in Columbus.

Men who have committed wrongs against the laws of organized society cannot be reformed and made over into good citizens under such conditions and in such surroundings as exist at the present penitentiary.

Men to be made morally clean must be kept physically clean. In order to remove the hatred they hold for society on account of fancied grievances it is important that society commit no real wrong against them.

Splendid progress has been made by the state in the work of providing a suitable habitation for the morally deficient and the morally weak. A splendid farm was purchased by the last state administration, in Madison county, and plans developed to provide plenty of work and livable quarters for the prisoners.

Millions of dollars of surplus money was left in the state treasury by the outgoing administration and the people of the state would much prefer that some of it be spent, judiciously, in the work of bettering conditions for the care of the inmates of the penitentiary than they would to have it loaned out at interest.

The legislature should make, by all means, the appropriations necessary to carry the work of prison reform forward.

Every better human impulse demands it and society demands it.

Sinking an American Ship

The Germans have torpedoed and sunk an American ship—a ship flying, rightfully, the American flag—and as a consequence several American citizens lost their lives.

This government has not yet taken any official action in regard to the incident and grave as the offense is, an occurrence which, if conditions existing throughout the world were normal, would almost certainly result in an open breach between Germany and America—it is not likely that, at this time, anything more than an apology and reparation, commensurate with the loss, will be asked.

Under normal conditions Germany would be called upon to make instant apology and exceedingly prompt response in payment of damages but under the present turbulent conditions it is probable that some length of time will expire before the matter is finally righted insofar as such an incident is capable of being righted.

The fact that such a thing could happen and the people of this nation accept it as they do is a forceful illustration of the enormity of the conflict now raging in Europe as well as an indisputable item of proof that the American people are grimly determined to hold their temper and keep out of the war.

The sinking of an American vessel is a very grave offense, but this nation has been preparing itself to withstand just such a shock.

So thoroughly have the American people become convinced that we must not be on the lookout for insults that even the few jingoists refuse to dwell upon the incident, now that it has occurred, for the purpose of inflaming the people to the commission of rash acts. Even insistence upon compliance with demands impossible in terms is not asked.

Germany will be asked, doubtless, to make proper amends and Germany will doubtless do so, but right now this nation and this people know that they must be patient.

The Pessimists and Business

The pessimists who insist that a period of unequalled industrial depression will follow the close of the European war, have arrived. Those interesting men have made their appearance on the lecture platform and have caused articles expressing their gloomy forebodings to be published broadcast throughout the land.

Just why the property destroyed as a consequence to the greatest war in history will not have to be replaced is not made exactly clear. Neither is it made to appear, satisfactorily, why this nation will not be called upon to furnish the great bulk of the material and labor necessary to replace the property destroyed during the war.

Thinking people are almost a unit in the belief that the reason for the depression we have just passed through was directly attributable to the war and the destruction of our foreign trade. Naturally they conclude that a resumption of the foreign trade, even if it is no greater than it was before the war, will result in an increase in industrial activity.

The end of the war in Europe will mean the resumption of commerce with nations whose ports of entry have been closed to our goods and our products at least, and to that extent be beneficial.

At any rate the American people will hail with joy the closing of the war and the readjustment of foreign commerce and they are willing to take chances on the hard times which may follow a return to normal conditions with a European household that will need fitting out from top to bottom.

Poetry For Today

WHITE-CAPPED WAVES.

White-capped waves far round the ocean,
Leaping in thanks, or leaping in play,
All your bright faces in happy commotion,
Make glad matins this summer day.

The rosy light through the morning's portals
Tinges your crest with an August hue,
Calling on us, thought-prisoned mortals,
Thus to live in the moment, too.

For, graceful creatures, you live by dying,
Save your life when you fling it away,
Flow through all forms, all forms defying,
And in wildest freedom strict rules obey.

Show us your art, O genial daughters
Of solemn ocean, thus to combine
Freedom and force of rolling waters
With sharp observance of law divine.

—James Freeman Clarke.

Eskimo Courtship.

If European death scenes astonish, the consenting "Yes" of a bride at marriage shocks an Eskimo woman. Not only must a bride show herself unconsenting; she must, if she respects herself and tribal traditions, scream and struggle with all her might when her wooer or his envoy enters her family residence and, laying hold upon her, drags her, usually by the topknot, to her new home. She may be presented with a new lamp and water pail by her bridegroom, and she is as a general thing mightily pleased at her change of estate. But she is far too circumspect to show her pleasure or affection and keeps up a noisy demonstration until she feels that she has done all that a well bred maiden should do.

Hard Both Ways.

"When children want to marry they sometimes have a hard time in getting their parents to consent."
"Children have no kick when it comes to being hard hearted. When parents want to marry they almost never succeed in getting the children's consent."
—Pittsburgh Post.

As to Jarley.

"That man Jarley is without any exception the most inaccurate man I ever knew," said Dobson. "Tell me, Jones, does he ever get anything right?"
"Oh, yes," replied Jones. "Anything that is left Jarley will always get right."—Judge.

Bits of Byplay

By Luke McLuke

Copyright, 1915, the Cincinnati Enquirer

Sure!
I know he is a speaker great,
His hearers come in herds,
And he makes his words carry weight
Because he weighs his words.

Why Not?

"What is the matter with your head?" asked Brown.
"I treated Jones to a hair cut yesterday," replied Smith. "And he insisted on my having another with him."

The Wise Fool.

"Figures cannot lie," observed the sage.
"Maybe not," commented the fool.
"But the dry goods stores are selling as many pads as ever."

Between the Acts.

It was a dismal show and dense,
With nothing to beguile,
And that is why the audience
Went out to have a smile.

Is That So?

Dear Luke—I overheard a Cincinnati traveling man trying to make himself good with a prospective buyer by telling who Luke McLuke really is. Said the traveling man: "Luke McLuke is a friend of mine. I know him well. He is just a common sort of fellow, who gets half soused every night and then writes this stuff that everybody is crazy about."—A Piqua (O.) Reader.

Names Is Names.

Philip McCann runs a saloon in Columbus, O.

Here's a Prohibition Item.

Walter Andrews brought a green horned worm to town Saturday that ate an English sparrow.—Ozark (Ala.) Exchange.

Things to Worry About.

There is coal near the south pole.

Our Daily Special.

Never bet on a sure thing when you can take a chance.

Luke McLuke Says

When there are two or three girls in the family you can put your hand almost anywhere under the dining room table and find a wad of gum.

The fool men haven't any artistic sense. There are plenty of Ediths and Alyces in the world, but a man usually cops out a plain Mary, Lulu or Margaret when he wants a wife.

Another reason for the high cost of living is that there is one applicant for each 500 jobs as a kitchen mechanic and 500 applications for each job as a chorus girl.

What has become of the old fashioned girl who was proud of the fact that her hair was so long that she could sit on it?

The reason a princess will take advice from a seventeen-year-old cub when she won't listen to her father is because the cub can run eleven balls at pool and her father doesn't even know how to hold a cue.

The man who wouldn't trust you to get a five dollar bill changed for him is willing to let you marry his daughter.

It is all very fine when you are feeding honey into a girl's ear before you get her. But it is different when you have to feed groceries into her mouth after you get her.

When in doubt you can always blame it on the administration.

A reformer is sometimes a man who kicks up a lot of dust by moving backward.

Father always regards mother as an easy mark when she announces that butter costs 3 cents more a pound and eggs are 4 cents more a dozen because father would like to see a bartender charge him 8 cents for a beer or 19 cents for a drink of booze.

Good night! A few days ago Luke remarked that the women would never be big enough dern fools to wear shoes that buttoned in the back. And now a big shoe firm notifies Luke that the very newest shoes for women this summer are made to lace up the back.

LEADER IS FOUND GUILTY OF MURDER

Trinidad, Colo., May 4.—John Lawson, international executive board member of the United Mine Workers of America, was found guilty of first degree murder. Lawson was leader of the miners' strike, during which John Nimmo, a mine guard, was killed during the battle of Ludlow on Oct. 25, 1913. It was for the death of Nimmo that Lawson was convicted. He was sentenced immediately to life imprisonment in the state pen at Canon City at hard labor. "They may get me, boys, but not the cause I stand for," said Lawson, immediately after the verdict was read. A motion for a new trial will be filed within thirty days.

Commenting on the verdict, Horace N. Hawkins, chief counsel for the defense, said: "I do not believe the verdict ever will be sustained. It is contrary to the evidence. I shall fight this case as long as there are courts in which to fight."

Fred Farrar, attorney general of Colorado, commenting on the conviction of John R. Lawson, said: "I think this is the first case on record where one of the leaders of a union has been convicted of crimes of violence arising from the conduct of a strike. The McNamara case was based upon a confession. The Lawson case was not."

WORDS IN THE MAKING.

Our Language Grows by Terms Created to Fit the Occasion.

Language can be made in the library, no doubt, and in the laboratory also, but it is most often and most effectively created in the workshop and in the market place, where the imaginative energy of our race expresses itself spontaneously in swift creating the lacking term in response to the unexpected demand. Nothing could be better, each in its own day, than picturesque vocabularies like scare head and loan shark, windjammer and hen minded, all of them American contributions to the English language and all of them examples of the purest English. Hen minded is an adjective devised by Mr. Howells to describe those women who are so common in all walks of life and who are made up of only one aim at a time and of manifold anxieties at all times. Scare head and loan shark are the products of the newspaper office, while windjammer was put together by some down east sailor man, inheritor of the word forming gift of his island ancestors who helped to harry the armada. "Windjammer," remarked Professor Gildersleeve, trained by his intimate knowledge of Greek to appreciate verbal vigor as well as verbal delicacy—"windjammer is a fine word, I grant; and so is every Anglo-Saxon compound that grows and is not made."

But all new words are not necessarily good words. Ben Jonson, who was himself a frequent maker of new words, displayed his shrewdness when he declared that "custom is the most certain mistress of language as the publicke stampe makes the current money," adding as a caution, "But we must not be too frequent with the mint, every day coining."—Brander Matthews in Harper's Magazine.

225 OPERATORS MAY GO ON STRIKE

St. Louis, May 4. — Two hundred and twenty-five Western Union operators voted unanimously to strike unless an ultimatum is met by the company. This ultimatum provides that unless the forty men discharged April 3 are reinstated in twenty-four hours after William Blackman, United States commissioner of conciliation, arrives here, a strike will be called.

SHOOTS WIFE AT DAUGHTER'S BEDSIDE

Savannah, Ga., May 4.—C. B. Burke of Millen shot and killed his wife at the bedside of their daughter in the Savannah hospital, and then turned the weapon upon himself, inflicting a wound from which he will probably die. Jealousy is given as the cause for the trouble.

Her Only Course.

Lady Anne Lindsay, the author of the old poem "Auld Robin Gray," was not only a delightful conversationalist, but she was a great story teller.

This gift made her not only a welcome guest abroad, but a valuable member of the home circle, for it is related in "A Group of Scottish Women" that at a dinner party which she was giving to some friends an old manservant caused some amusement by saying in a perfectly audible undertone:

"My lady, you must tell another story. The second course won't be ready for five minutes."

Are You Keeping Up Your Account?

Many people start an account and let it go at that. It's a good thing to make that start at the Fayette County Bank, but unless you keep it up it will make no more abiding impression upon your success than a shadow on a field of corn.

If you bank money while you earn it, you will have money when you can't earn it.

MORE STREET PAVING LEGISLATION ENACTED

FAVORABLE ACTION TAKEN UPON PETITIONS FOR PAVING PAINT STREET AND COLUMBUS AVENUE.

MONSTER PETITION FOR CLUSTER LIGHTS

EARLY REPORT UPON NEW LIGHTING SYSTEM FOR BUSINESS SECTION EXPECTED—FURTHER LEGISLATION ON PAVING OTHER STREETS—YEOMAN STREET TO BE MACADAMIZED.

Action toward the paving of Paint street, from the C. H. & D. railroad near the B. & O. depot to Lewis street; the paving of Columbus avenue from Court to the corporation line; installation of cluster lights in the business districts of the city, and other business of importance was transacted by the city solons at their regular session Monday night.

All councilmen were present, and quite a number of representative citizens attended the session.

The first business transacted was adoption of an amendment to widen Hinde street from 36 feet to 50 feet, from Court street to the concrete bridge near the B. & O. station. This action was done at the request of a number of property owners.

A petition asking that Paint street be paved full width from the C. H. & D. railroad to Lewis street—a distance of some ten squares, was presented and read. Forty-one property owners had signed the petition. The City Engineer was instructed to prepare plans and specifications for the improvement, reporting at the next regular meeting.

Hon. A. R. Creamer presented a petition to pave Columbus avenue, full width, from Court street to the corporation line. This was read and the city engineer instructed to prepare plans and specifications to be reported upon at the next meeting.

Mr. Creamer took occasion to state that he was greatly pleased to see the progressive spirit manifested in council, and thought the paving was a great boost for the city.

Attorney F. A. Chaffin then presented a petition bearing more than 600 names, asking for the installation of cluster lights in the main part of the city. In his remarks Mr. Chaffin stated that he desired council to hurry legislation on the paving of East Court street, as he wanted to see that street paved as quickly as possible.

Mr. Chaffin stated that the beauty added to the city by cluster lights was unquestionable, and that many even smaller cities than Washington were thus modernly lighted in the business districts.

The petitions and all names attached were read, after which the petition was referred to the entire council for investigation, and to decide upon some plan for installing the lights.

Mr. G. N. Clapp, of the Washington Gas & Electric Company, was asked to address council on the cluster light question. He did so, stating that in many cities the city paid a portion of the cost of the lights, and the abutting property owners the remainder. \$50 to \$55 was the approximate cost of the five-globe lights, he said.

Mr. Frank L. Stutson was called upon, and responded by stating that he had been greatly impressed by the cluster lights in neighboring cities, and had learned that the citizens were greatly pleased with the system of lighting.

The question of building a sewer on Washington avenue, from North to Pearl street, was taken up and the service director authorized to construct the sewer.

The resolution to pave Hinde street was placed upon its various readings and passed as amended, the street to be 50 feet in width.

An ordinance to proceed with the improvement of West Court street was presented and passed under suspension of the rules.

A similar ordinance for the East street improvement was passed under suspension, and an ordinance to proceed with the paving of the Craig-Penn alley was passed.

Next came an ordinance to issue bonds in the sum of \$4,500 for paying the city's portion of paving East street. This was passed.

A resolution to improve Yeoman street from Ogle to Elm street, was presented and passed, M. Tracy voting against the proposal, holding that previous improvements on the street had never been paid for by the property owners.

City Auditor McFadden's report showed balances on hand in the various funds, April 30th, as follows: General, \$1382.02; Safety, \$58.57; Health, \$168.01; Service, \$1918.98; Service bond, \$6.61.

Mayor Coffey's report showed \$33 in fines collected; \$6.00 in dog licenses and \$6 in street licenses.

The sum of \$450 was transferred from the General to the Safety fund. Howell objected to paying one fireman's salary until the man was legally employed. No further protest was made when it was stated that no more firemen were being employed than really were required.

Solicitor Gregg called council's attention to the suit recently launched to withdraw certain unplatted lands from the corporation limits on Leesburg avenue.

Some of the councilmen urged retaining the land if possible and others were indifferent as to what was done with it.

P. Tracey moved that the solicitor not take action to prevent withdrawal of the land in question. All voted no with the exception of P. Tracey.

The service director was authorized to contract with the Washington Water Company for extension of the water mains to the corporation limits on North street, and to install another fire plug at the end of the line.

Upon motion by Howell a committee was named to investigate the cost of a horse-power street sweeper. Howell, M. Tracey and Veal were appointed on the committee.

Adjournment was taken until next Monday night.

REBEKAH LODGE.

The Regular meeting of the Imperial Order of Rebekah Lodge Wednesday evening, 7:30.

ATHEL FULTZ, Secy.

CONFERENCE CLAIMANTS' CONVENTION

Next Monday at 9 o'clock the Ohio conference Claimant Group Convention of Chillicothe District, will meet in Grace M. E. church. Meetings of this kind are being held throughout the state and nation. The movement is in reality a campaign of education a systematic effort to familiarize the public with the great part played by the Christian ministry in the making of the state and nation.

Historians recognize that the biggest assets of a nation are its moral and spiritual ideals. These are the things that give it character and power. They conserve a pure home life, create respect for law and order, maintain business and social integrity and inspire all real progress. The Christian ministry is the chief guardian and herald of these ideals and the main bulwark of society against anarchy and socialism, vice and crime.

It is time the country should consider its obligations to the Christian ministry. All the great religious bodies are at last awakening to this fact, and the result is a nation-wide campaign to bring these things before the people. Men of all churches and from all walks of life are behind the movement. They appeal to all good people to give this cause a fair hearing and a loyal support.

The people of Washington Court House will have an opportunity of hearing an able presentation of these facts at the Convention next Monday. Prominent ministers and laymen will speak. There will not be a dull moment. The public is most cordially invited to attend. See the detailed program in the papers—Contributed.

SWALLOWS STONE CONDITION SERIOUS

Ruth, the three-year-old daughter of Mr. and Mrs. Albert Huff, residing five miles east of this city, on the Hamilton farm, is in a serious condition, necessitating daily attention of a local physician.

The child's trouble has been somewhat mystifying, but a day or two ago she stated that she had swallowed a large pebble, and it is thought the pebble has caused her serious condition.

NEW HOLLAND COUPLE ELOPE

New Holland is on the qui vive with interest over an elopement of Monday, in which two young people belonging to prominent families of that vicinity were the principals.

The bride is Nellie Curry, the sixteen year old daughter of Mr. and Mrs. George Curry, and the bridegroom Earl Shasteen, the twenty-two year old son of Mr. and Mrs. F. M. Shasteen.

A telegram received Monday evening by the parents announced their marriage in Covington Ky., Monday afternoon.

Although the young people had been known to be interested in each other the announcement came as a big surprise, the youthfulness of the attractive school-girl bride having aroused parental opposition to any thought of matrimony.

Miss Curry started to school Monday morning as usual, meeting Mr. Shasteen, who had driven to town in his father's car, and accompanying him to this city to take the 7:30 B. & O. train to Cincinnati. The machine was left in Cox's garage.

As soon as the nuptial knot was tied the parents were wired. Mr. Curry was on a business trip to Columbus.

The young couple returned on the evening train to Wilmington and are expected to arrive in New Holland Wednesday.

Mr. Shasteen has been engaged in farming with his father since leaving school.

Both he and his bride have a large circle of friends who are awaiting their return with all manner of good wishes.

When you get a good thing remember where you got it. Do you remember the last pair of shoes you had repaired at Duffee's Shoe Shop; if they suited you come back again and if they did not, come back any how; there is a reason. Rubber heels 35c; ladies' sewed soles 50c; men's 75c. Duffee, the Court street Shoemaker. 10416

MORE STREET PAVING LEGISLATION ENACTED

FAVORABLE ACTION TAKEN UPON PETITIONS FOR PAVING PAINT STREET AND COLUMBUS AVENUE.

MONSTER PETITION FOR CLUSTER LIGHTS

EARLY REPORT UPON NEW LIGHTING SYSTEM FOR BUSINESS SECTION EXPECTED—FURTHER LEGISLATION ON PAVING OTHER STREETS—YEOMAN STREET TO BE MACADAMIZED.

Action toward the paving of Paint street, from the C. H. & D. railroad near the B. & O. depot to Lewis street; the paving of Columbus avenue from Court to the corporation line; installation of cluster lights in the business districts of the city, and other business of importance was transacted by the city solons at their regular session Monday night.

All councilmen were present, and quite a number of representative citizens attended the session.

The first business transacted was adoption of an amendment to widen Hinde street from 36 feet to 50 feet, from Court street to the concrete bridge near the B. & O. station. This action was done at the request of a number of property owners.

A petition asking that Paint street be paved full width from the C. H. & D. railroad to Lewis street—a distance of some ten squares, was presented and read. Forty-one property owners had signed the petition. The City Engineer was instructed to prepare plans and specifications for the improvement, reporting at the next regular meeting.

Hon. A. R. Creamer presented a petition to pave Columbus avenue, full width, from Court street to the corporation line. This was read and the city engineer instructed to prepare plans and specifications to be reported upon at the next meeting. Mr. Creamer took occasion to state that he was greatly pleased to see the progressive spirit manifested in council, and thought the paving was a great boost for the city.

Attorney F. A. Chaffin then presented a petition bearing more than 600 names, asking for the installation of cluster lights in the main part of the city. In his remarks Mr. Chaffin stated that he desired council to hurry legislation on the paving of East Court street, as he wanted to see that street paved as quickly as possible.

Mr. Chaffin stated that the beauty added to the city by cluster lights was unquestionable, and that many even smaller cities than Washington were thus modernly lighted in the business districts.

The petitions and all names at-

tached were read, after which the petition was referred to the entire council for investigation, and to decide upon some plan for installing the lights.

Mr. G. N. Clapp, of the Washington Gas & Electric Company, was asked to address council on the cluster light question. He did so, stating that in many cities the city paid a portion of the cost of the lights, and the abutting property owners the remainder. \$50 to \$55 was the approximate cost of the five-globe lights, he said.

Mr. Frank L. Stutson was called upon, and responded by stating that he had been greatly impressed by the cluster lights in neighboring cities, and had learned that the citizens were greatly pleased with the system of lighting.

The question of building a sewer on Washington avenue, from North to Pearl street, was taken up and the service director authorized to construct the sewer.

The resolution to pave Hinde street was placed upon its various readings and passed as amended, the street to be 50 feet in width.

An ordinance to proceed with the improvement of West Court street was presented and passed under suspension of the rules.

A similar ordinance for the East street improvement was passed under suspension, and an ordinance to proceed with the paving of the Craig-Penn alley was passed.

Next came an ordinance to issue bonds in the sum of \$4,500 for paying the city's portion of paving East street. This was passed.

A resolution to improve Yeoman street from Ogle to Elm street, was presented and passed, M. Tracy voting against the proposal, holding that previous improvements on the street had never been paid for by the property owners.

City Auditor McFadden's report showed balances on hand in the various funds, April 30th, as follows: General, \$1382.02; Safety, \$58.57; Health, \$168.01; Service, \$1918.98; Service bond, \$6.61.

Mayor Coffey's report showed \$33 in fines collected; \$6.00 in dog licenses and \$6 in street licenses.

The sum of \$450 was transferred from the General to the Safety fund. Howell objected to paying one fireman's salary until the man was legally employed. No further protest was made when it was stated that no more firemen were being employed than really were required.

Solicitor Gregg called council's attention to the suit recently launched to withdraw certain unplatted lands from the corporation limits on Leesburg avenue.

Some of the councilmen urged retaining the land if possible and others were indifferent as to what was done with it.

P. Tracey moved that the solicitor not take action to prevent withdrawal of the land in question. All voted so with the exception of P. Tracey.

The service director was authorized to contract with the Washington Water Company for extension of the water mains to the corporation limits on North street, and to install another fire plug at the end of the line.

Upon motion by Howell a committee was named to investigate the cost of a horse-power street sweeper. Howell, M. Tracey and Veal were appointed on the committee.

Adjournment was taken until next Monday night.

REBEKAH LODGE.

The Regular meeting of the Imperial Order of Rebekah Lodge Wednesday evening, 7:30.

ATHEL FULTZ, Secy.

CONFERENCE CLAIMANTS' CONVENTION

Next Monday at 9 o'clock the Ohio conference Claimant Group Convention of Chillicothe District, will meet in Grace M. E. church. Meetings of this kind are being held throughout the state and nation. The movement is in reality a campaign of education a systematic effort to familiarize the public with the great part played by the Christian ministry in the making of the state and nation.

Historians recognize that the biggest assets of a nation are its moral and spiritual ideals. These are the things that give it character and power. They conserve a pure home life, create respect for law and order, maintain business and social integrity and inspire all real progress. The Christian ministry is the chief guardian and herald of these ideals and the main bulwark of society against anarchy and socialism, vice and crime.

It is time the country should consider its obligations to the Christian ministry. All the great religious bodies are at last awakening to this fact, and the result is a nation-wide campaign to bring these things before the people. Men of all churches and from all walks of life are behind the movement. They appeal to all good people to give this cause a fair hearing and a loyal support.

The people of Washington Court House will have an opportunity of hearing an able presentation of these facts at the Convention next Monday. Prominent ministers and laymen will speak. There will not be a dull moment. The public is most cordially invited to attend. See the detailed program in the papers—Contributed.

SWALLOWS STONE CONDITION SERIOUS

Ruth, the three-year-old daughter of Mr. and Mrs. Albert Huff, residing five miles east of this city, on the Hamilton farm, is in a serious condition, necessitating daily attention of a local physician.

The child's trouble has been somewhat mystifying, but a day or two ago she stated that she had swallowed a large pebble, and it is thought the pebble has caused her serious condition.

NEW HOLLAND COUPLE ELOPE

New Holland is on the qui vive with interest over an elopement of Monday, in which two young people belonging to prominent families of that vicinity were the principals.

The bride is Nellie Curry, the sixteen year old daughter of Mr. and Mrs. George Curry, and the bridegroom Earl Shasteen, the twenty-two year old son of Mr. and Mrs. F. M. Shasteen.

A telegram received Monday evening by the parents announced their marriage in Covington Ky., Monday afternoon.

Although the young people had been known to be interested in each other the announcement came as a big surprise, the youthfulness of the attractive school-girl bride having aroused parental opposition to any thought of matrimony.

Miss Curry started to school Mon-

day morning as usual, meeting Mr. Shasteen, who had driven to town in his father's car, and accompanying him to this city to take the 7:30 B. & O. train to Cincinnati. The machine was left in Cox's garage.

As soon as the nuptial knot was tied the parents were wired. Mr. Curry was on a business trip to Columbus.

The young couple returned on the evening train to Wilmington and are expected to arrive in New Holland Wednesday.

Mr. Shasteen has been engaged in farming with his father since leaving school.

Both he and his bride have a large circle of friends who are awaiting their return with all manner of good wishes.

In Social Circles

Mrs. Howard Griffith entertained the Monday Bridge club at one of the most perfect luncheons of the season, yesterday. Unusual delicacies were introduced in the five courses served, and fern were arranged in exquisite table decorations.

An interesting game followed the luncheon.

Miss Dorothy Smith charmingly entertained the Tuesday afternoon Bridge club. Mrs. J. Star Smith and Mrs. Frank Michaels assisted in the serving of a tempting collation.

Mrs. Dean Waddell and Mrs. Bliss Glenn, of Greenfield, were out of town guests.

The women of the Tuesday Kensington club were indebted to Mrs. Samuel Evans for delightful entertainment this afternoon.

The Men's Bible Class of the First Baptist church, with their wives and friends to the number of fifty, spent one of the most enjoyable evenings in their annals at the hospitable

home of Mr. and Mrs. John Draise, east of town, Monday night.

Mr. Draise drove in for the party in a big hay wagon and the ride back and forth was one of the pleasures of the evening.

Mr. and Mrs. Draise and Miss Draise gave their guests a most cordial reception and the hours were merrily spent in games and socialability.

Mr. James Kneisley and Miss Mable Briggs contributed beautiful violin and piano numbers and Miss Marguerite Wilson charming readings. Dainty refreshments were served.

The M. H. G. Club was delightfully entertained by Misses Mable Larimer, Lois Coffey and Lena Shaffer at the home of Mr. Jesse Yeoman on the Leesburg pike Monday evening.

After the business meeting the girls sewed for the Welfare Association, taking home for completion the garments left unfinished.

With appetites whetted by the unselfish work the girls doubly enjoyed the delicious luncheon served by the hostesses.

Mrs. Ella Courts spent Tuesday in Columbus.

Mrs. John Eddington, of Nelsonville, is visiting her sisters, the Misses Skinner, on S. Fayette street.

Mr. and Mrs. Frank Dorn and son Malcolm, of Hillsboro, spent Sunday at the home of Mrs. Dorn's mother, Mrs. Wm. McArthur, near Madison Mills.

Mr. Frank S. Jackson returned Tuesday morning from Marion, Ill., where he visited with his family at the home of Mr. Fred Sprenger during the past week and looked after interests of the plant owned by the Inskeep Mfg. Co. in that city. Mrs. Jackson and little daughters will remain for a longer visit.

Miss Sallie Pursell returned Monday from a month's stay with her niece, Mrs. John Rogers, above Bloomingburg. Miss Pursell suffered a severe attack of the gripe while there.

Mr. and Mrs. Roy Hagler, Mr. and Mrs. Charles McLean are guests in Chillicothe today.

Miss Lillian Ward visited at her home in Hillsboro over Sunday.

Washington friends will be interested to learn of the birth of a daughter to Mr. and Mrs. Roy Dove (nee Augusta Ireland) at their home in Shelbyville, Ill. Mrs. W. E. Ireland leaves Wednesday morning for Shelbyville and after a visit with Mrs. Dove goes to Springfield, Ill., to visit her other daughter, Mrs. Douglas Shoaff.

Mrs. Lulu Robinson and grandson Robert Baird, have returned from Darlington, S. Ca., where they spent the winter. Mr. Harold Baird, of New York, joining them for a ten days' visit with his son among the relatives of the Baird's old home. Enroute home Mrs. Robinson and Robert were the guests of relatives at the Ridgeway Club, Ridgeway, S. Ca.

Mr. Seymour Cunningham is over from Chillicothe attending to farm interests in this vicinity.

Mr. and Mrs. R. S. Quinn left Tuesday morning on a motoring trip to

NO SERFDOM IN LONE STAR STATE

Austin, Tex., May 4.—The Texas senate adopted a resolution offered by Senators Lattimore, Henderson and Hudspeeth, denouncing as false the statement made by Frank P. Walsh in Cincinnati that he found Texas farm tenants in a condition of serfdom. Mr. Walsh, who is chief of the federal industrial commission, made the remark replying to J. D. Rockefeller, Jr. The resolution says Walsh's statements are unfounded and unjust, and invites him to return here to learn the true facts regarding Texas farm conditions. Walsh recently held an inquiry in Dallas.

NOW YOUR CORN MUST GO

Dr. Hunt Discovers Method that Kills Corns by Penetration. ONLY 10c.

That old corn, that stubborn corn, that soft corn, that sore corn, the corn that will come back, you can now get rid of it once and for all, for Dr. Hunt of Sidney, Ohio, has discovered the scientific principle that makes corns go easily and painlessly.

Dr. Hunt's New Corn Cure does its work by penetration. That is Nature's own way. Goes to the very root of the corn. Corn lifts out, root, body and branch in two days. No paring. No dangerous caustic ingredients. No liquids to dry out. No bulky pads or grimey salves. Dr. Hunt's New Corn Cure comes in ready-to-apply plaster form. Trim plaster exact size of corn and apply. More than two applications are seldom necessary for the most stubborn case. Your corn eases up at once. The soothing penetrating ingredient works without discomfort. In two days you have no corn. This is a doctor's discovery. The result of life-time study.

And a box-full costs you only ten cents. Guaranteed or money refunded. Sold by all druggists and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

PROSPECTS BRIGHT FOR AGREEMENT

Columbus, May 4.—Prospects are bright for an agreement among Republicans upon the saloon license bill, which Senator John L. McDermott of Trumbull has prepared. Minor questions which were left unsettled at the last conference of Governor Willis, legislative leaders and representatives of the Cincinnati Republican organization are expected to be ironed out today.

The bill, as it is drafted, does not give the excise commissioner the power to revoke licenses. His duties are solely to enforce the present laws regulating the traffic. But an appeal is provided from the county board on refusals to grant licenses, suspensions and revocations to a state board of two members, appointed by the governor.

Peter Durr insisted the third member of the district board which is to appoint the two county license commissioners should be the county auditor. The bill makes the county recorder the third member. It is said the reason for not including the auditor was that under the decentralized tax law the auditor will be the chief assessing officer, having this big job thrust on him in addition to his present duties. There is full agreement on the other two members of the district board, the county clerk and the president of the board of county commissioners.

There is agreement that the Whiteacre measure for one day's rest in seven is to be passed, if the house labor committee does not report out the Archer senate bill, which gives the state industrial commission explicit power to fix hours of work and rest. But there is no agreement, nor it was said was there much likelihood of passing the women's eight hour bill, whatever is done with the Archer bill. There was said to be a fair chance for Senator Vorhies' bill, now in the senate labor committee. It is a nine hour day bill, like the present law, but reduces the present fifty-four hour week to fifty hours.

The legislature may hold triple daily sessions in an effort to clean up all necessary work by Saturday night.

Willis to Cincinnati Men.

A delegation of 125 Cincinnati business men and labor representatives called on Governor Willis to enlist his influence in securing the immediate passage of the Cincinnati rapid transit bill and a kindred measure. They declared immediate action on these measures was necessary in order to have bond issues approved by the voters at the fall election.

The governor said: "There are three or four measures now pending in the legislature that this administration owes to the people as a redemption of party pledges, and until they are out of the way I intend to give my time to them."

Members of the delegation construed his statement to mean that he will have the rapid transit bill held up until the administration measures are passed, and that the aid of the Cincinnati solons is expected in putting the measures through.

Besides the liquor license decentralizer, the Moore civil service bill and the Fleming students' voting measure are to be passed. The civil service bill now is in conference committee, where it has been held up for several days by Representative Barnes of Cincinnati, co-author of the measure, who is objecting to having some of the house amendments eliminated.

Though Governor Willis gave the declaration to understand that the Republican pre-election pledges must be redeemed first, he assured the Cincinnati men that their rapid transit bill will be passed before the legislature adjourns. He declared the administration measures also will be passed before final leave is taken by the solons. The governor urged that they not be impatient.

Both Cincinnati measures, the faster rapid transit bill and the Pink bill providing for ventilation vents in the subway, passed the senate unanimously several weeks ago. In the house they have been recommended for passage by the committees and have been on the calendar for several days without action being taken on them.

SEVEN BOATS TORPEDOED

London, May 4.—Four more steamships belonging to neutral nations have been torpedoed and sunk by German submarines in the North sea. Three of them belonged to Norwegian companies and one to a Swedish firm. In addition, three British trawlers have been included in the already long list of this type of vessels sent to the bottom through Germany's policy of destroying all shipping possible. So far as known at present, no lives have been lost in the sinking of these vessels, though the crews in each case had a hard time of it to get away before their ships were sunk.

In the case of the four steamers attacked, the submarines were operating well out in the North sea, but in the case of the trawlers the undersea craft slipped in fairly close to the English shore. A rescue steamer, the Sterlin of Norwegian register, was chased by a submarine after she had taken a shipwrecked crew of thirty-nine men and was making for port. Two torpedoes were fired at her before the Germans discovered that they were attacking a neutral ship.

A dispatch from Copenhagen gave the first news of the sinking of the Swedish steamship Ellida, timber laden, from Helsingborg for Hull, in the North sea. The steamer sank in less than three minutes.

The Norwegian steamship Laila and America also were sunk in the North sea. The Laila's crew was landed at Copenhagen by the steamship Anna. The Laila was en route to England from Bergen. The America's crew of thirty-nine was landed safely by the Norwegian mail steamer Sterling.

VIENNA REPORTS GREAT VICTORY

London, May 4.—Combined Austrian and German armies have pushed past the Danube river, captured 8,000 prisoners and struck a crushing blow at the allies' plans for an offensive campaign in the east.

An attack from this quarter has been predicted in Petrograd reports as an offset to Russian efforts farther east on the Carpathian front. The direction in which this new and sudden stroke has been made lies to the south of Russian Poland. The line along which the Austrian advance was made runs for about sixty miles north and south through Galicia, something more than fifty miles east of Cracow.

Vienna's report of this victory says: "Austro-Hungarian and German forces attacked the fortified positions in west Galicia and repulsed the Russians along the entire front of Malastow, Gorlice, Gromik and north of these places. The Russians suffered severe losses. We captured 8,000 Russians and took a great number of cannon and machine guns. Simultaneously, we forced our way across the Danube river. On the Carpathian front the Beskid situation is unchanged. In the wooded Carpathians we gained ground to the east of Kozlowka. We repulsed several counter attacks with great slaughter, capturing several Russians and taking three machine guns."

Though the 8,000 prisoners whom

the Teutonic allies say they have taken does not compare with the number which some of Field Marshal Von Hindenburg's rushes netted him in the north, the achievement, if subsequent reports bear it out, will mean at least a temporary check to the Russian forces, which have been hammering their way westward since the fall of Przemyśl.

More glowing in tone is the Berlin report, which announces: "In the presence of an Austrian commander-in-chief, Field Marshal Archduke Frederick, and under the leadership of General Colonel Von Mackensen, the allied troops, after bitter fighting, pierced everywhere and crushed the entire Russian front in west Galicia from the neighborhood of the Hungarian frontier to the junction of the Danube river with the Vistula. Such of the enemy as succeeded in escaping are in hasty retreat toward the east, closely pursued by the allied troops. The trophies of the victory can not yet even be approximately estimated."

The reports announcing a great victory in the Carpathians led to the entire city of Berlin decking itself with flags.

ARMY ENGINEERS CHANGE DISTRICTS

Washington, May 4.—Colonel L. H. Beach of the army engineers in charge of public works in the Baltimore district has been ordered to take charge of engineering operations in the Cincinnati district, succeeding Brigadier General W. L. Shert, who has been transferred to command of Pacific coast artillery district.

MOVEMENTS IN EGYPT AND IN THE CAUCASUS

Amsterdam, May 4.—The following Turkish statement of operations in the Caucasus and in the Suez canal region was received from Constantinople: "Attacks by vanguards of the enemy north of Milu, on the Caucasian front, have been everywhere repulsed. One of our divisions attacked near the Suez canal a company of camel drivers who had a mitrailleuse. After half an hour of fighting we captured many rifles and camels."

ATTORNEYS CHOOSE Drilled Wells LETTERS FROM PACK

Syracuse, N. Y., May 4.—There was a lively flurry at the trial of the Barnes libel suit over the satchel full of letters that Edward T. Platt, second son of the late Senator Platt, has brought to court for the purpose of clearing his father's memory from Colonel Roosevelt's charges and insinuations. The Roosevelt counsel had subpoenaed from the Platt executors all correspondence between Colonel Roosevelt and the senator and Mr. Barnes and the senator which had not been brought to light by previous processes.

When Mr. Platt was called as a witness he demanded that all of the letters should be admitted as evidence by Colonel Roosevelt's counsel and asked for a stipulation to that effect. Mr. Boyer demurred. His side was on a sort of fishing excursion anyway, and wanted only the privilege of ransacking among the 300 and odd letters in Mr. Platt's possession, hoping to find letters from Barnes dealing with the public printing situation. After a long argument the attorneys in the case withdrew with Mr. Platt and went through the mass of correspondence. Fourteen letters were selected by the Roosevelt side, it was given out, bearing on the printing ring charges and on other matters of importance to the defense. But Mr. Barnes' lawyers have also made a selection of letters which will be used, if they can get them in, to refute statements contemplated by the colonel's counsel.

Any barn worth erecting is worth protecting

It is good judgment to give the barn, silo and sheds a coat of paint occasionally, rather than be constantly replacing rotten shingles, sills and siding.

Over forty years of practical use prove

to be specially adapted to use on barns, silos, fences and other surfaces where exposure to sun, wind, storm and frost requires the best protection. It is very durable and its great spreading capacity and easy working qualities makes it the most practical and economical paint for large surfaces.

Thousands of farmers use Lowe Brothers Standard Barn Paint because it gives best results and satisfactory service, looks better and wears much longer than the paints usually sold for such purposes. There is a Lowe Brothers paint, varnish, enamel or stain for every purpose.

ITALIANS ARE WARNED TO GET OUT OF AUSTRIA

Rome, May 4. — Italian consuls in Austria-Hungary are recommending that all Italians leave the country as soon as possible. As a result of this warning Italian merchants, manufacturers and professional men are arriving at Udine from points in Austria.

They relate experiences occurring in Austria-Hungary which are arousing local feeling. The refugees describe the great military activity along the frontier. All roadways have been barred with trunks of heavy trees and trenches. The railroads are occupied at night with moving trains loaded with troops and heavy guns.

It is impossible to traverse the frontier unless one is provided with a complete set of papers and establish one's identity. All Italians still in Austria and Hungary are being closely watched by the local police.

The Italian cabinet issued a decree placing Tripoli under martial law, owing to the attack on Italian troops by rebels near Syrta last week. The ministers also considered the international political situation and decided that, in view of present conditions affecting Italy, no member of the cabinet should leave Rome.

SECY. BRYAN WANTS FACTS

Washington, May 4.—Greater anxiety exists in Washington over reports of the torpedoing of the American tank ship *Gulflight* by a German submarine than has been caused by any previous event growing out of the war. Officials are seeking to maintain a noncommittal attitude pending the receipt of official dispatches establishing all the facts.

Brief reports already have been received at the state department from the consulate at Plymouth, England, which make it clear that Colonel Stephens has information that the *Gulflight* was torpedoed by a German submarine; that the captain and two of the crew lost their lives as a result, and the damaged vessel has been towed to the Scilly Islands by the British. These reports leave much to be desired as to circumstances, which must be known positively before the full effect of the incident internationally can be foreseen. Secretary Bryan has called upon the department's representatives both in England and Germany to forward at once all facts obtainable in the case.

The two American sailors who lost their lives when the American tanker *Gulflight* was torpedoed were Charles C. Short of Chicago, the wireless operator, and Eugene Chapapeta of Port Arthur, Tex., a seaman.

OHIO BRIEFS

B. & L. Associations Prosperous.
Columbus, May 4.—According to the yearly report of Chief Inspector J. A. Devine, 1914 was a prosperous year for Ohio building and loan associations. The report shows 656 associations in the state, against 649 in 1913. The assets are \$240,930,784.90, compared with \$223,892,261.55 in 1913.

Potters Electing Officers.

East Liverpool, O., May 4.—Unions of the National Brotherhood of Operative Potters, embracing a membership of 7,000, are voting this month on candidates for officers. President Edward Menge of this city is opposed for re-election by Frank W. Grattan, also of this city.

Youth Found Dead.

Ravenna, O., May 4.—Roy Fox, eighteen, son of Robert Fox of Rootstown, was found slain by searchers near Rootstown. Wilbur S. Bissell, a railroader, has been locked up pending investigation. The boy's body showed bruises on the neck.

Salesman Killed.

Coshocton, O., May 4.—Edward La-Corp, thirty-three, salesman for a Philadelphia concern, was killed when an automobile in which he was riding jumped a ten foot bank after colliding with a pole.

Killed by Pitched Ball.

Mt. Gilead, O., May 4.—Henry McKee of Johnsville, who was struck on the head by a pitched ball in a ball game here last week, died of a fracture of the skull.

GULFLIGHT'S WIRELESS OPERATOR FROM OHIO

Chicago, May 4.—Charles C. Short, the wireless operator who is reported to have lost his life when the American steamer *Gulflight* was torpedoed off the Scilly Islands, was making his first trip as a wireless telegrapher. He was twenty-two years of age and made his home with his mother here, a widow, whose husband died six years ago in Fosteria, O.

EXTENT OF THE IRONTON FIRE

Ironton, O., May 4.—Fire which swept an entire business block here gutted the Masonic temple, opera house and a number of other buildings, doing damage estimated at from \$150,000 to \$200,000. The Otten Building and Loan building, Mittendorf clothing store, Boston clothing store, People's clothing store, a saloon, drug and seed store were burned to the ground. The Woolworth 5 and 10 cent store and the gas office were damaged.

BELLAIRE TO HAVE SALOONS AGAIN

Bellaire, O., May 4.—After a period of drought saloons were opened in Belmont county. Twenty-nine saloons opened here, nineteen at Martin's Ferry and seven at Bridgeport. Bright and early this town began to take on a regular circus day appearance, and prohibition West Virginia sent boatloads of thirsty citizens to join in celebration of the return of John Barleycorn. The saloons did a rushing business.

TO THE POINT

American schooner Emma of San Diego has arrived at Manzanillo, Mexico, with only Captain Clark and the ship's cook on board. Crew deserted at Socorro.

James Fairchild Hudson, for thirty-three years the principal editorial writer of the Pittsburgh Dispatch and the author of a number of works on economic subjects, is dead.

Superintendent Charles Kane of the Illinois state employment agency's Springfield office, was found dead in his office from a bullet wound in his head. A revolver was found at his side.

Dr. Charles Clifton Ferrell, president of a coal company and one of the most noted educators in the south, was shot and killed by negro burglars who were attempting to rob the commissary of the company, Praca, Ala.

Be thrifty on little things like bluing. Don't accept water for bluing. Ask for Red Cross Ball Blue. Adv Robinson's for Hot Lunch or Ice Cream. 76tf

Hupmobile

CAR OF THE AMERICAN FAMILY

Ask the Hupmobile Dealer

Ask him why he continues to sell the Hupmobile year after year.

He will tell you: "Because the Hupmobile grows better year after year."

He is not afraid to meet any man to whom he has sold a Hupmobile.

His customers last year, are his customers this year.

And better than that—they are his friends, as well as his customers.

They go out of their way to help him make Hupmobile sales.

From twenty-five to fifty per cent of his new buyers, come, he will tell you, from the recommendations of old friends.

He does not hesitate to refer to them—they do not hesitate to endorse the Hupmobile.

Do you know of another car of which this is so widely, so enthusiastically, true?

Where the average man buys one car, the Hupmobile dealer buys scores, or even hundreds.

He pays his money for these cars, the same as you pay for yours.

He had to be sold on the Hupmobile before he would make this investment, the same as you have to be sold.

The Hupmobile dealer, naturally, is prejudiced in favor of the Hupmobile.

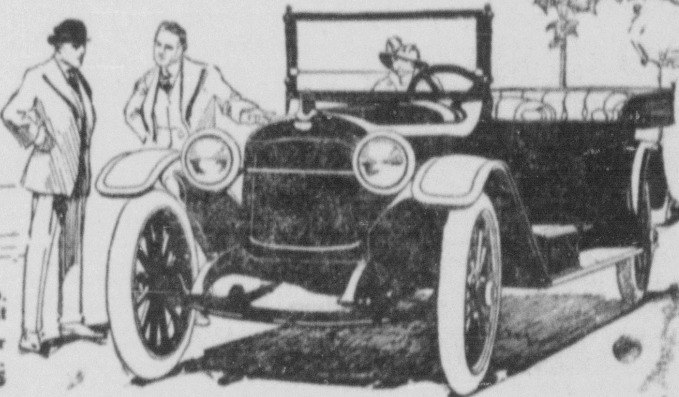

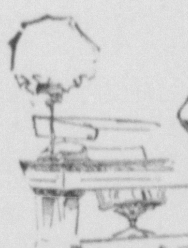

But isn't that very prejudice—that extreme enthusiasm—the strongest endorsement you could ask?

If he has held the friendship of his Hupmobile owners through all these years, he will hold your friendship, too.

What is true of Hupmobile dealers generally is true of us. Let us show you the 1915 Hupmobile.

Any barn worth erecting is worth protecting

It is good judgment to give the barn, silo and sheds a coat of paint occasionally, rather than be constantly replacing rotten shingles, sills and siding.

Over forty years of practical use prove

to be specially adapted to use on barns, silos, fences and other surfaces where exposure to sun, wind, storm and frost requires the best protection. It is very durable and its great spreading capacity and easy working qualities makes it the most practical and economical paint for large surfaces.

Thousands of farmers use Lowe Brothers Standard Barn Paint because it gives best results and satisfactory service, looks better and wears much longer than the paints usually sold for such purposes.

There is a Lowe Brothers paint, varnish, enamel or stain for every purpose.

BELLAIRE TO HAVE SALOONS AGAIN

Bellaire, O., May 4.—After a long period of drought, saloons were opened in Belmont county. Twenty-nine saloons opened here, sixteen at Martin's Ferry and seven at Bridgeport. Bright and early this town began to take on a regular circus day appearance, and prohibition West Virginia sent boatloads of thirsty citizens to join in celebration of the return of John Harleyscorn. The saloons did a rushing business.

TO THE POINT

American schooner Emma of San Diego has arrived at Manzanillo, Mexico, with only Captain Clark and the ship's cook on board. Crew deserted at Socorro.

James Fairchild Hudson, for thirty-three years the principal editorial writer of the Pittsburgh Dispatch and the author of a number of works on economic subjects, is dead.

Superintendent Charles Kane of the Illinois state employment agency's Springfield office, was found dead in his office from a bullet wound in his head. A revolver was found at his side.

Dr. Charles Clifton Ferrell, president of a coal company and one of the most noted educators in the south, was shot and killed by negro burglars who were attempting to rob the company's safe, Praca, Ala.

A NEW PENCIL SHARPENER.

If you ever tried to sharpen your pencils with a safety razor, you will appreciate the new Stewart Sharpener, now selling at Rodecker's.

GRAND JURY FILES REPORT LATE TODAY

JOHN AND JESSE DENNER ARE INDICTED FOR FIRST DEGREE MURDER—EDGEFIELD YOUTHS ARE GIVEN FREEDOM—FLORA DENNER IS RELEASED—THREE CASES IGNORED AND SIX TRUE BILLS ARE RETURNED.

Late Tuesday afternoon the May grand jury filed a report of its findings, having been in session two days, examining 58 witnesses covering 9 cases, returning 6 indictments and ignoring three cases.

The county jail was visited and found in good condition. Carl Mallow was foreman of the jury.

Principal interest centers on the grand jury's action on the charges of murder in the first degree which were lodged against John Denner and wife Flora Denner, and Jesse Denner.

John Denner and Jesse Denner were indicted for murder in the first degree. Flora Denner was released. Walter Norris and Harvey Skinner were indicted for fighting.

Otto Fent, for abandoning illegitimate child.

David Strait, for abandoning wife. James Allen, a farmer, of Jefferson township, was indicted upon a charge of stealing corn from a neighbor. Allen resides in the northern part of Jefferson township.

The crime of which the Denners are accused was the murder of Hogg Bainter on the night of December 11th, on the Dore farm three miles

east of this city, on the Columbus pike. The murdered man remained in a shallow grave under a barn near the Denner car until March 13, when it was unearthed by Chief of Police D. L. Moore and a party, who were led by Flora Denner, to whom John Denner, her husband, is alleged to have confessed to killing Bainter.

The Denners were arrested in this city on the morning the body was found, after they had given the police the slip from Greenfield. The crime is one of the most revolting in the history of the county, and probably has no equal in this part of Ohio. Bainter's death had been caused by two gunshot wounds in the head, and one of the balls was recovered.

The charges of robbery, placed against Willard Harper and DeWitt Tobin, two highly respected young men of the Edgefield community, were investigated and ignored. In this case the two young men were accused of robbing Thomas Harper's home, near Edgefield, one night about two months ago, and relieving Mr. Harper of some \$60 besides firing a large number of shots. It will be recalled that \$300 reward was offered for the guilty parties, and that the prosecuting witness in the case made a number of contradictory statements during the preliminary hearing. The arrest of the two young men created a profound sensation, as one of the young men is a grandson of the man who was robbed.

CLEVELAND MAN IS APPOINTED

Cleveland, May 4.—Alvord L. Bishop, Republican and prominent Cleveland attorney, will be appointed a member of the State Public Utilities Commission by Governor Willis, according to political leaders here today.

TRIBUTE OF PRAISE FOR CHERRY HILL

Cherry Hill school was presented with a handsome flag by the W. R. C., with appropriate exercises, on Monday. All of the grades were assembled in the main hall to greet the W. R. C. officers when they arrived.

Mrs. Martin Hamm, President of the order, bore the flag and Mrs. F. G. Carpenter made the presentation speech in her usual fluent and happy vein. Mrs. Carpenter voiced the sentiment of the W. R. C. in saying that the flag was given in appreciation of what the Cherry Hill school was doing and its use of up to date methods to the immense advantage of the school. It is the wish of the W. R. C. to have Cherry Hill placed on the Honor Roll of the W. R. C., as first in Patriotic Education.

Prof. Toops accepted the flag, on behalf of the school, with appreciative and well chosen words.

The splendid singing of patriotic songs by the different grades was a feature of the presentation.

Regular meeting of Crusade Castle K. G. E., Wednesday, 7:30 p. m. in Midland block. Matters of importance. A full attendance is desired.
W. S. CHANEY, N. C.
J. F. ADAMS, M. of R. 10512

Bull Baiting.

Although bull baiting was a cruel pastime, it was also a fulfilling of the law, for formerly no butcher was allowed to offer for sale the flesh of any bull that had not been baited. The goading of the animal in a fury was supposed to have some influence on the flesh. In a similar belief the flesh of a hunted hare was thought to be superior in flavor to that of one that had been shot, and a present of "a hunted hare" was considered to be a special compliment. In the records of the corporation of Leicester, England, the following order appears: "At a common hall, held on Thursday before St. Simon and St. Jude, 1467, 'no butcher to kill a bull till baited.'" At Winchester it was ordered (reign of Henry VIII.) "that from henceforth there shall be no bulstake set before any mayor's door to bayte any bull, but onlie at the bull ringe within the saide cytie."

Skating on the Water.

The ski is recommended as both a life saving device and a pleasure craft, combining safety with novelty. It cannot sink, makes better speed than a swimmer and does not tire the rider as swimming does. It is more practicable for long distances and can go through water where there is a heavy undertow, as it sits so high in the water that it is not caught in the grip of the undercurrent as the legs of the swimmer are. It doesn't take a long time to master, as the surf board does; requires no skill in balancing and sticking on and has the great advantage of being equipped with a motive power, whereas the ordinary surf board must be pushed and paddled out to sea before it can be ridden in.—Outing.

The Real Need.

Book Agent—This book will teach you how to economize. The Victim—That's no good to me. What I need is a book to teach me how to live without economizing.—Philadelphia Ledger.

The song that nerves a nation's heart is in itself a deed.—Tennyson.

Hershey's Milk and Almond Chocolate 5c bar. Social Whirl and New King Peanut Butter Kisses 25c per pound.

Fancy Alabama Klondyke Strawberries 20c qt.

A GOOD WORD FOR THE CROW.

Despite the Damage He Does He is a Good Scavenger.

In spite of the crow's instinct to feed on the eggs and young of other species (which he shares in common with several other birds), who would really wish to see him quite exterminated, even if it were possible to exterminate so resourceful a fellow?

His destruction to crops is certainly far less than that of the bobolink in the southern rice fields. He is an efficient scavenger, and his destruction of white grubs, cutworms, wireworms and grasshoppers is of great value. Above all, however, his place in our landscape is such that his passing would leave a dreary void.

Winter or summer we are conscious of him against the sky, against the fields or sentinel on a patriarch pine. In the misty mornings of summer when the sun has not yet rolled up the curtains of cloud from the mountains we hear his voice far off in the woods, rousing us from slumber, and when autumn has come and our sugar groves are a glory of crimson he is still there, his distant call floating down sweetly from the upland woods and testifying in some strange way the height of the peaks beyond.—Harper's Magazine.

LAY OF THE NIGHTINGALE.

Why It Stops When the Little Birds Come Out of the Shell.

It is generally assumed that a bird sings because he is happy, but science goes deeper for an explanation of the why and wherefore of the bird's song. Nature's optimistic joy in constructive progress is expressed in the singing of the male birds who charm their mates

to further their wooing and continue after eggs are laid to encourage the fulfillment of hatching.

The song stops when the little birds come out of the shell. The nightingale for weeks during the period of nest building and hatching charms his mate and human ears near him with the beautiful music of his love song. But as soon as the little nightingales come from the eggs the song changes to a sort of guttural croak, implying anxiety and sense of responsibility.

If the nest and contents were destroyed the nightingale would at once resume his beautiful song to inspire his mate to help him build another nest and start all over again the loving work of being fruitful and multiplying.—Cincinnati Commercial-Tribune.

Economizing Labor.

Two laborers were engaged to deepen a well which had become dry. One of them sent his mate down into the well while he sat at the top and directed the work. He first ordered the other man to "dig a bit on this side," then "dig a little more on that side," until the latter, tired of both the work and the orders, exclaimed, "You sit up there and use your tongue, while I have to do all the work!" "One man here giving directions," said the man at the top, "can do as much as ten men down there." Thereupon his mate threw down his pick and climbed up beside the other man. "What are you doing here?" inquired the latter. "Two men up here," answered his mate, "can do as much as twenty men down there!"—London Strand.

A Question.

I'm seeking a spade.
Will I spy it at last?
Was ever one made
That would bury a past?
—Judge.

chosen by vote as superintendent of school district No. 4, over C. L. Anders. The vote was: Allen 9, Anders 6.

CORWIN MAY LEAVE ATHLETIC LINEUP

"Big" Corwin, star short stop of the Athletics, has informed the club that he may leave it soon to join a league organization at Stone Gap, Va., where he is being considered for manager. Corwin stated that he would probably know definitely what he would do by Wednesday or Thursday.

Corwin, for the past several months has been making his home in Leesburg, from which place another former Washington first baseman, Chief McCall, left to join the Stone Gap aggregation a week ago.

CHERRY HILL PROGRAM FOR FRIDAY, MAY 7

On Friday afternoon, May 7th, the Cherry Hill school will present their annual May Day Fete. This year the school is undertaking quite the most ambitious piece of work of their career. The Pied Piper of Hamelin.

The beautiful natural amphitheater of the Cherry Hill lawn, backed by large oak trees, will add greatly to the effect of the play. The play depicts life in a typical German village of about the 17th century and introduces the Pied Piper in his argument with the town council as to the payment of the thousand guilders which he was to receive for freeing the town from rats.

The play goes on to depict the Piper's charming of the children and their journey into the heart of the mountains.

The play introduces several beautiful folk dances and minuets which are being carefully worked out.

Assisting in the music will be Mr. Jas. Whelpley, the local talented musician and Miss Louise Fultz, of the Cherry Hill corps. The natural outdoor scenery is being added to by a force of the older boys of the school who are undertaking the building of a large amount of artificial landscape work.

Altogether the play promises fair to surpass anything yet attempted by the Cherry Hill school.

ATHLETICS' SLATE RAPIDLY FILLING

The date slate of the Athletics is filling rapidly, with the indication of quite a few good games during the early season. The schedule as it stands, is as follows.

May 9—Cincinnati Original Ibolts (here).

May 16—Dayton Oxfords. (here)

May 23—Hillsboro. (here).

May 29, 30, 31—Bates Pirates, of Columbus. (here).

June 6—Undecided (probably at Wilmington).

June 13—Xenia Reserves. (here).

June 20—Undecided (probably against Wilmington here).

July 4, 5—Gem City Reserves. (here).

EVANGELIST TO MEET WITH LOCAL MINISTRY

The Rev. Parley Zartman, representative of the Interdenominational Association of Evangelists at Winona Lake, Ind., will come to Washington next Tuesday to meet with the local ministry, for the purpose of discussing the project of a united evangelistic campaign in Washington this summer.

Rev. Zartman will arrive here in the afternoon and will confer with the ministers in the evening.

CLEVELAND MAN IS APPOINTED

Cleveland, May 4.—Alvord L. Bishop, Republican and prominent Cleveland attorney, will be appointed a member of the State Public Utilities Commission by Governor Willis, according to political leaders here today.

TRIBUTE OF PRAISE FOR CHERRY HILL

Cherry Hill school was presented with a handsome flag by the W. R. C., with appropriate exercises, on Monday. All of the grades were assembled in the main hall to greet the W. R. C. officers when they arrived.

Mrs. Martin Hamm, President of the order, bore the flag and Mrs. F. G. Carpenter made the presentation speech in her usual fluent and happy vein. Mrs. Carpenter voiced the sentiment of the W. R. C. in saying that the flag was given in appreciation of what the Cherry Hill school was doing and its use of up to date methods to the immense advantage of the school. It is the wish of the W. R. C. to have Cherry Hill placed on the Honor Roll of the W. R. C., as first in Patriotic Education.

Prof. Toops accepted the flag, on behalf of the school, with appreciative and well chosen words.

The splendid singing of patriotic songs by the different grades was a feature of the presentation.

Regular meeting of Crusade Castle K. G. E., Wednesday, 7:30 p. m. in Midland block. Matters of importance. A full attendance is desired.

W. S. CHANEY, N. C.
J. F. ADAMS, M. of R. 10512

Bull Baiting.

Although bull baiting was a cruel pastime, it was also a fulfilling of the law, for formerly no butcher was allowed to offer for sale the flesh of any bull that had not been baited. The goading of the animal in a fury was supposed to have some influence on the flesh. In a similar belief the flesh of a hunted hare was thought to be superior in flavor to that of one that had been shot, and a present of "a hunted hare" was considered to be a special compliment. In the records of the corporation of Leicester, England, the following order appears: "At a common hall, held on Thursday before St. Simon and St. Jude, 1467, 'no butcher to kill a bull till baited.' " At Winchester it was ordered (reign of Henry VIII.) "that from henceforth there shall be no bull stake set before any mayor's door to bait any bull, but on the bull ring within the said city."

Skating on the Water.

The ski is recommended as both a life saving device and a pleasure craft, combining safety with novelty. It cannot sink, makes better speed than a swimmer and does not tire the rider as swimming does. It is more practicable for long distances and can go through water where there is a heavy undertow, as it sits so high in the water that it is not caught in the grip of the undercurrent as the legs of the swimmer are. It doesn't take a long time to master, as the surf board does; requires no skill in balancing and sticking on and has the great advantage of being equipped with a motive power, whereas the ordinary surf board must be pushed and paddled out to sea before it can be ridden in.—Outing.

The Real Need.

Book Agent—This book will teach you how to economize. The Victim—That's no good to me. What I need is a book to teach me how to live without economizing.—Philadelphia Ledger.

The song that nerves a nation's heart is in itself a deed.—Tennyson.

Hershey's Milk and Almond Chocolate 5c bar. Social Whirl and New King Peanut Butter Kisses 25c per pound.

Fancy Alabama Klondyke Strawberries 20c qt.

A GOOD WORD FOR THE CROW.

Despite the Damage He Does He is a Good Scavenger.

In spite of the crow's instinct to feed on the eggs and young of other species (which he shares in common with several other birds, who would really wish to see him quite exterminated, even if it were possible to exterminate so resourceful a fellow?

His destruction to crops is certainly far less than that of the bobolink in the southern rice fields. He is an efficient scavenger, and his destruction of white grubs, cutworms, wireworms and grasshoppers is of great value. Above all, however, his place in our landscape is such that his passing would leave a dreary void.

Winter or summer we are conscious of him against the sky, against the fields or sentinel on a patriarch pine. In the misty mornings of summer when the sun has not yet rolled up the curtains of cloud from the mountains we hear his voice far off in the woods, rousing us from slumber, and when autumn has come and our sugar groves are a glory of crimson he is still there, his distant call floating down sweetly from the upland woods and testifying in some strange way the height of the peaks beyond.—Harper's Magazine.

LAY OF THE NIGHTINGALE.

Why It Stops When the Little Birds Come Out of the Shell.

It is generally assumed that a bird sings because he is happy, but science goes deeper for an explanation of the why and wherefore of the bird's song. Nature's optimistic joy in constructive progress is expressed in the singing of the male birds who charm their mates

to further their wooing and continue after eggs are laid to encourage the fulfillment of hatching.

The song stops when the little birds come out of the shell. The nightingale for weeks during the period of nest building and hatching charms his mate and human ears near him with the beautiful music of his love song. But as soon as the little nightingales come from the eggs the song changes to a sort of guttural croak, implying anxiety and sense of responsibility.

If the nest and contents were destroyed the nightingale would at once resume his beautiful song to inspire his mate to help him build another nest and start all over again the loving work of being fruitful and multiplying.—Cincinnati Commercial-Tribune

Economizing Labor.

Two laborers were engaged to deepen a well which had become dry. One of them sent his mate down into the well while he sat at the top and directed the work. He first ordered the other man to "dig a bit on this side," then "dig a little more on that side," until the latter, tired of both the work and the orders, exclaimed, "You sit up there and use your tongue, while I have to do all the work!" "One man here giving directions," said the man at the top, "can do as much as ten men down there." Thereupon his mate threw down his pick and climbed up beside the other man. "What are you doing here?" inquired the latter. "Two men up here," answered his mate, "can do as much as twenty men down there!"—London Strand.

A Question.
I'm seeking a spade.
Will I spy it at last?
Was ever one made
That would bury a pest?
—Judge.

PARRETT'S GROCERY!

"THE YELLOW FRONT."

THE HOME OF QUALITY FOR TWENTY-SEVEN YEARS.
